54SID MURAL PROJECT: 1050 N. FOURTH STREET
REQUEST FOR ARTIST QUALIFICATIONS

Date Issued: April 28, 2022

Overview

The Short North Alliance is commissioning an artist or teams of artists to design and install two murals that are each approximately 800 and 150 square feet in Columbus, Ohio's Fifth Avenue and Fourth Street Special Improvement District (54SID) on the exterior of a new building at 1050 N. Fourth Street.

Background

The Fifth Avenue and Fourth Street Special Improvement District (54SID) was created in 2020 and authorized through 2025 to serve the 54SID commercial corridors and several adjacent streets of the Weinland Park and Italian Village neighborhoods. A Special Improvement District (SID) is a mechanism through which property owners petition to voluntarily assess themselves to provide funding for extended services aimed at the enhancement of the area. A SID identifies a plan of services and then funds are used to support those services. In the 54SID, owners have prioritized services that include beautification, public art and placemaking projects that emphasize community connectivity and more.

The Short North Alliance serves as the administrator of the 54SID. In 2021, the Short North Alliance led a community engagement process to develop and art and placemaking plan for the 54SID area that outlined community goals and potential project sites.

The 1050 N. Fourth Project is meant to enhance the area and deepen opportunities and experiences for the community to see its identity thorough and engage with public art.

Site Location and Available Dimensions

The site for the mural is located at 1050 N. Fourth Street.

The available spaces will be approximately 800 and 150 square feet.

Site dimensions are included in Appendix A. Site dimensions are subject to slight change and approximate dimensions.

Project Details

Up to three finalist artists will be selected to submit a proposal for the 1050 N. Fourth Street Project. Each finalist will receive $1,000 for their proposal.

A final proposal will be selected, and the artist will be to create their proposal on the building.
**Project Goals**

The primary goals for this project are to support the implementation of the communities served by the 54SID’s strategic community priorities for public art:

- **Enhance** sense of community identity for residents, businesses and visitors alike, leaving a strong impression of place.
- **Deepen** the inclusive and diverse nature of the district.
- **Define** distinct Italian Village and Weinland Park neighborhood identities.
- **Celebrate** the rich histories of the Italian Village and Weinland Park neighborhoods.

Additionally, each piece of art must follow these basic guidelines:

- Artworks must be the original artwork of the selected artist.
- Artworks cannot include the use of trademarked or copyrighted material.
- Artworks cannot contain nudity.
- Artworks cannot contain profanity or derogatory language.
- Artworks cannot be in conflict with our statement in inclusion, diversity, equity, and access.

Finally, the art should be responsive to the site in which it is located. A successful project would achieve a modern node to certain historical elements of the building upon which it is located while considering experiences for the present-day surrounding users of the community. The murals on either building should be two distinct artworks that foster two distinct user experiences, based on their scales and locations.
